# LARGE ANIMAL CREMATION

Losing your beloved large animal such as a horse, sheep or alpaca, can be an emotional and often stressful experience. The ability to respectfully cremate or bury your pet can then be a difficult task. Many businesses and families do not have the appropriate facilities or equipment to provide a suitable burial. At Bamganie, we take pride in our unique cremation and burial service for large animals, ensuring your pet is respectfully put to rest.

Collection of your cherished animal can take place from your veterinary clinic, hospital, home, business or property, so that this process remains efficient and stress-free for you. Our state of the art large animal cremator ensures we do not use any intrusive procedures when it comes time for cremation. In a dignified manner, this system ensures the animal remains intact during the whole process. Your animal's ashes can be placed in a respectful receptacle of your choice. Our range of large animal receptacles can be found on our website [bamganie.com.au](http://bamganie.com.au) under Horse Receptacles or Urns, alternatively you can contact our compassionate staff to help you find the right receptacle for your adored animal.

Our large animal services start from \$1200. The cost of cremation is determined by the receptacle you feel respectfully commemorates the life of your animal. We proudly offer competitive prices on this process and products to complement our extensive range of memorial receptacles.

If you would like further information on prices or would like to organise a collection, please call our friendly customer service team on 1300 514 414 or email [info@bamganie.com.au](mailto:info@bamganie.com.au).
